PROFILE

Graduating in Systems Analysis and Development from the Estacio de Sá University. Expert in React and React Native using JavaScript and Typescript.

Courses for developers, managers and system architects.

EMPLOYMENT HISTORY

Freelancer, Marcolandia
March 2022 – Present

In a post-pandemic world, when starting my system analysis and development college, deciding to do freelance projects using my knowledge in HTML, CSS and JS for Web development. Later I started to use ReactJS, NodeJS and React Native accompanied by TypeScript to develop more robust applications

Main projects:
